

Stay Clear, Stay Clean, Stay Kind

By David Long and Martin Baynton

It's time for us to shine,
So sing with me
This One -Two -Three:
Stay Clear - Stay Clean - Stay Kind

Stay in your bubble,
Stay away from germy trouble,
Stay away from the sneezes
Sneezes spread diseases.
Stay Clear - Stay Clean - Stay Kind

Always wash your hands,
Wash them when you can
Wash between the fingers
Where germs love to linger.
Stay Clear - Stay Clean - Stay Kind

And remember to be kind
Be kindly all the time
Stay kind to one another
Every sister every brother
It's time to shine,
It's time to shine,
Stay Clear - Stay Clean - Stay Kind
